

Rain Barrel Sale

Order yours today. Start saving tomorrow.

Rain barrels are containers that divert and collect rain water that otherwise would flow off a roof through gutters and downspouts and become runoff. This durable, 55-gallon recycled-plastic barrel is perfect for watering lawns and gardens, washing your car and much more!

BENEFITS

- Reduces the velocity of water entering local rivers and streams
- Stores fresh water for lawn & garden use
- Directs runoff away from foundations
- Reduces water bill
- Easy to install & minimal maintenance

FEATURES

- Unique shape
- Neutral tan color
- Easily accommodates existing downspouts
- 4' long overflow hose can be linked to another rain barrel
- Lid comes with 4 screws to attach to the container body
- Instructions, spigot, screws, & clamp included
- A \$150 value for only \$55!

Getting your rain barrel is as easy as 1 - 2 - 3!
